## **PROXY STATEMENT**

### **ANNUAL MEETING OF SHAREHOLDERS**

Mailed on or about May 7, 2002

## **INTRODUCTION**

This Proxy Statement is furnished in connection with the solicitation of Proxies by the Board of Directors of DATATRAK International, Inc. (the “Company”), to be used at the Annual Meeting of Shareholders of the Company on June 4, 2002 at 10:00 a.m., local time, and any adjournments or postponements thereof. The time, place and purposes of the Annual Meeting are stated in the Notice of Annual Meeting of Shareholders accompanying this Proxy Statement.

The accompanying Proxy is solicited by the Board of Directors of the Company. All validly executed Proxies received by the Board of Directors of the Company pursuant to this solicitation will be voted at the Annual Meeting, and the instructions contained in those Proxies will be followed in each instance. If no instructions are given, the Proxy will be voted FOR the election of the three nominees listed on the Proxy and FOR the approval and adoption of the other proposals set forth in this Proxy Statement. A shareholder may revoke a Proxy at any time before it is exercised by delivery of written notice to the Secretary of the Company or by a duly executed Proxy bearing a later date.

The record date for determination of shareholders entitled to vote at the Annual Meeting was the close of business on April 19, 2002. On that date, the Company had 5,263,836 common shares outstanding and entitled to vote at the Annual Meeting. Each common share is entitled to one vote. Shareholders do not have the right to vote cumulatively in the election of Directors.

The expense of soliciting Proxies, including the cost of preparing, assembling and mailing the Notice, Proxy Statement and Proxy, will be borne by the Company. The Company may pay persons holding common shares for others their expenses for sending proxy materials to their principals. In addition to solicitation of Proxies by mail, the Company’s Directors, officers and employees, without additional compensation, may solicit Proxies by telephone, telegraph and personal interview. The Company also may retain a third party to aid in the solicitation of Proxies.

At the Annual Meeting, in accordance with the General Corporation Law of Ohio and the Company’s Third Amended and Restated Code of Regulations (the “Code”), the inspectors of election appointed by the Board of Directors for the Annual Meeting will determine the presence of a quorum and will tabulate the results of shareholder voting. As provided by the General Corporation Law of Ohio and the Code, holders of common shares entitling them to exercise a majority of the voting power of the Company, present in person or by Proxy at the Annual Meeting, will constitute a quorum for the Annual Meeting. The inspectors of election intend to treat properly executed Proxies marked “abstain” as present for these purposes. The inspectors also will treat as “present” shares held in “street name” by brokers that are voted on at least one proposal to come before the Annual Meeting.

Nominees for election as Directors receiving the greatest number of votes will be elected. Votes that are withheld or broker non-votes with respect to the election of Directors will not be counted in determining the outcome of the election. Approval of the proposed amendment to the Code requires the affirmative vote of the shareholders of record entitled to exercise a majority of the voting power of the Company. Broker non-votes will have the same effect as a vote against this proposal. Similarly, abstentions will have the same effect as a vote against the proposal to approve the amendment to the Code.

Pursuant to the Code, the outcome of the vote relating to all other questions and matters brought before the Annual Meeting will be, unless otherwise provided by law or the Articles, decided by the vote of a majority of the

common shares present in person or by Proxy and entitled to vote on the matter in question. In voting for these proposals, votes may be cast in favor, against or abstained. Unless otherwise provided by law or the Company’s Articles of Incorporation, broker non-votes will not be included in the vote totals and, therefore, will have no effect on the outcome of the vote on these proposals.

## **Employment Agreements**

*Dr. Jeffrey A. Green.* In February 2001, the Company entered into an employment agreement with Dr. Green providing for an initial term of one year. This agreement will automatically renew for successive one-year periods thereafter unless certain prior notice requirements are satisfied. The base salary provided for in this agreement is \$180,000 per year, to be reviewed at least annually by the Compensation Committee. Bonuses may be paid to Dr. Green at the discretion of the Compensation Committee. The agreement also provides Dr. Green with the right to participate in all benefit plans made available to the Company's executives and/or employees. Dr. Green's employment with the Company may be terminated with or without cause, upon his death or disability or with sufficient reason. Additionally, under this agreement, Dr. Green is entitled to terminate his employment for "good reason." "Good reason" for such termination will exist if at any time, (i) there is a material breach of Dr. Green's employment agreement by the Company, (ii) the Company's shareholders fail to elect Dr. Green to the Board of Directors or Dr. Green is otherwise removed from the Board of Directors, and (iii) except in connection with the termination of Dr. Green's employment in strict compliance with the terms of the agreement, the Board of Directors (a) fails to elect Dr. Green to his current position with the Company, (b) fails to vest Dr. Green with the powers and authority customarily associated with his current position with the Company, or (c) significantly diminishes his responsibilities, duties, power or authority. If Dr. Green terminates his employment with the Company for good reason, he will be entitled to continue to receive his base salary for two years following the date of such termination. If Dr. Green's employment with the Company is terminated in connection with the sale of the Company, he will be entitled to continue to receive his base salary for one year following the date of such termination. If his employment is terminated without cause or without sufficient reason, he will be entitled to continue to receive his base salary for a period of two years subsequent to the date of termination. If Dr. Green terminates his employment with the Company without good reason, or if he is terminated by the Company for "cause," then he will be entitled to receive his base salary through the date of termination. For purposes of Dr. Green's agreement, "cause" is defined as a determination by the Board of Directors that the employee was (i) convicted of a felony involving moral turpitude or a felony in connection with his employment, (ii) engaged in fraud, embezzlement, material willful destruction of property or material disruption of the operations of the Company, (iii) using or in possession of illegal drugs and/or alcohol on the Company premises or reporting to work under the influence of same, or (iv) engaged in conduct, in or out of the workplace, which in the Company's reasonable determination has an adverse effect on the reputation or business of the Company. "Sufficient reason" shall mean a good faith determination that the employee failed to adequately perform his duties as an officer of the Company or achieve the business objectives mutually agreed upon by the parties. Dr. Green also agreed to certain noncompetition and nondisclosure provisions which, under certain conditions, continue for a period of up to twenty four months following a termination of Dr. Green's employment with the Company.

*Terry C. Black.* In February 2001, the Company entered into an employment agreement with Mr. Black providing for an initial term of one year. This agreement will automatically renew for successive one-year periods thereafter unless certain prior notice requirements are satisfied. The base salary initially provided for in this agreement is \$125,000 per year, to be reviewed at least annually by the Compensation Committee. Bonuses may be paid to Mr. Black at the discretion of the Compensation Committee. The agreement also provides Mr. Black with the right to participate in all benefits plans made available to the Company's executives and/or employees. Mr. Black's employment with the Company may be terminated with or without cause or upon his death or disability. Additionally, Mr. Black is entitled to terminate his employment for "good reason." If Mr. Black terminates his employment with the Company for good reason, he will be entitled to receive his base salary for a period of one year following the date of such termination. If Mr. Black's employment with the Company is terminated in connection with the sale of the Company, he will be entitled to continue to receive his base salary for one year following the date of such termination. If his employment is terminated without cause, he will be entitled to receive his base salary for a period of one year subsequent to the date of termination. If Mr. Black terminates his employment with the Company without good reason, or if he is terminated by the Company for "cause," he will be entitled to receive his base salary through the date of termination. For purposes of

Mr. Black’s agreement, “cause” is defined as a determination by the Board of Directors that the employee was (i) convicted of a felony involving moral turpitude or a felony in connection with his employment, (ii) engaged in fraud, embezzlement, material willful destruction of property or material disruption of the operations of the Company, (iii) using or in possession of illegal drugs and/or alcohol on the Company premises or reporting to work under the influence of same, or (iv) engaged in conduct, in or out of the workplace, which in the Company’s reasonable determination has an adverse effect on the reputation or business of the Company. Mr. Black also agreed to certain noncompetition and nondisclosure provisions which continue, under certain conditions for a period up to eighteen months following a termination of Mr. Black’s employment with the Company.

*Dr. Wolfgang Summa.* In December 2000, Dr. Summa signed an employment agreement with DATATRAK Deutschland GmbH providing for an initial term of four years. This agreement will automatically renew for successive one-year periods thereafter unless certain prior notice requirements are satisfied. The base salary initially provided for in this agreement is DM 210,000 (approximately \$110,000) per year, to be reviewed at least annually by the Compensation Committee. Bonuses may be paid to Dr. Summa at the discretion of the Compensation Committee. The agreement also provides Dr. Summa with the right to participate in all benefits plans made available to the Company’s executives and/or employees. Dr. Summa’s employment with the Company may be terminated with or without cause or upon his death or disability. Additionally, Dr. Summa is entitled to terminate his employment for “good reason.” If Dr. Summa terminates his employment with the Company for good reason, he will be entitled to receive his base salary for a period of one year following the date of such termination. If Dr. Summa’s employment with the Company is terminated in connection with the sale of the Company, he will be entitled to continue to receive his base salary for one year following the date of such termination. If his employment is terminated without cause, he will be entitled to receive his base salary for a period of one year subsequent to the date of termination. If Dr. Summa terminates his employment with the Company without good reason, or if he is terminated by the Company for “cause,” he will be entitled to receive his base salary through the date of termination. For purposes of Dr. Summa’s agreement, “cause” is defined as a determination by the Board of Directors that the employee was (i) convicted of a felony involving moral turpitude or a felony in connection with his employment, (ii) engaged in fraud, embezzlement, material willful destruction of property or material disruption of the operations of the Company, (iii) using or in possession of illegal drugs and/or alcohol on the Company premises or reporting to work under the influence of same, or (iv) engaged in conduct, in or out of the workplace, which in the Company’s reasonable determination has an adverse effect on the reputation or business of the Company. Dr. Summa also agreed to certain noncompetition and nondisclosure provisions which continue, under certain conditions for a period up to eighteen months following a termination of Dr. Summa’s employment with the Company. The agreement is governed by German law.

**COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION**

**General**

The Compensation Committee administers the Company’s stock option plans, including the selection of optionees and the timing of option grants, reviews and monitors key employee compensation and benefits policies and administers the Company’s management compensation plans. The current members of the Compensation Committee are Messrs. Flaherty and Harris and Dr. Stote, all of whom are non-employee Directors.

This report contains a discussion of the Company’s compensation philosophy, together with a discussion of the factors considered by the Compensation Committee in determining the compensation of the Company’s President and Chief Executive Officer and the Named Executive Officers.

**Compensation Philosophy**

The Company’s compensation philosophy is that compensation paid to executive officers and other management personnel should consist of four elements: (1) salary, (2) annual incentive bonus, (3) stock options and (4) welfare, retirement and other benefits. The compensation package is designed to attract and retain top quality management employees. To some extent, elements of compensation are designed to vary as Company performance varies. In general, the elements of compensation that most typically have a significant relationship to

Company performance are awards under its stock option and bonus plans. The Compensation Committee’s decisions concerning compensation make use of independent surveys of executive compensation of similarly situated companies.

Presented below is a discussion of the various components of the compensation arrangements provided to the Named Executive Officers, as well as a discussion of the compensation arrangements provided to the Company’s President and Chief Executive Officer.

## **2001 Compensation Decisions**

*Base Salary and Benefits.* Salaries of executive officers are subject to minimum levels set by the terms of each executive’s employment arrangement with the Company. The primary factor in setting salary levels pursuant to these arrangements was the Company’s desire to provide compensation in amounts sufficient to induce these individuals to either join or continue with the Company. Salary levels for executive officers reflect the Compensation Committee’s judgments on appropriate salaries in light of the duties and responsibilities inherent in the executives’ positions. The particular qualifications of an individual holding the position and his or her level of experience, as well as information concerning compensation paid by other companies in the industry, are considered in establishing salary levels. The Compensation Committee’s assessment of the individual’s performance and contribution to the Company’s performance are the primary criteria influencing decisions regarding salary adjustments.

*Stock Options.* The Company uses stock options as a long-term incentive program for its executive officers. Stock options are used because they directly relate the amounts earned by the executive officers to the amount of appreciation realized by the Company’s shareholders over comparable periods. Stock options also provide executive officers with the opportunity to acquire and build a meaningful ownership interest in the Company. The Compensation Committee considers stock option awards throughout the year. In determining the number of options awarded to an individual executive officer, the Compensation Committee generally establishes a level of award based upon the position of the individual and his or her level of responsibility, and upon recommendations made by the Company’s President and Chief Executive Officer. The Compensation Committee’s decisions concerning individual option awards are based on its judgment concerning the appropriate amount of long-term compensation that should be paid to the executive in question. On July 30, 2001, 15,000 stock options, 50% of which will vest on July 30, 2003 and 50% of which will vest on July 30, 2005, were granted as a long-term incentive to an executive officer who is not a Named Executive Officer as a condition of his employment. Since 176,250 stock options were awarded to the Named Executive Officers in December 1999, and in light of the vesting schedule relating to those option grants, no stock options were awarded during 2001 to the Named Executive Officers. A total of 98,674 stock options were awarded during 2001 under our Amended and Restated 1996 Key Employees and Consultants Stock Option Plan (the “1996 Plan”).

Along with the Board of Directors, we have approved the authorization of an amendment to increase, to 1,057,667, the number of our common shares available for issuance under the 1996 Plan. This will allow us to continue to have access to a sufficient number of stock options, in order to provide incentives to our executive officers and other employees. In addition, the Board of Directors has approved the authorization of an amendment to increase, to 400,000, the number of our common shares available for issuance under our 1999 Plan.

*Bonuses.* Pursuant to the terms of its employment agreements with the executive officers of the Company, the Company may pay additional compensation in the form of discretionary bonuses. The bonus amount in any given year is determined by the Compensation Committee, taking into account several factors, including the executive officer’s salary and position, the executive officer’s performance and the Company’s overall performance. Bonuses may be provided either in the form of cash, common shares or a combination of the two, as the Compensation Committee determines. Dr. Summa received a bonus in the amount of \$7,330 during 2001.

## **President and Chief Executive Officer Compensation**

Dr. Green’s employment contract with the Company contemplates compensation in two broad areas: (i) a base salary and (ii) stock options under a long-term compensation plan. His employment agreement provided for a base salary of \$180,000 for 2001. Dr. Green did not receive a bonus in 2001, nor was Dr. Green awarded any options to purchase common shares during 2001.

### **THE COMPENSATION COMMITTEE**

Seth B. Harris  
Dr. Robert M. Stote

## **COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

The Company has engaged in various private transactions with the members of its Compensation Committee or entities with which they are affiliated. The Company believes that these transactions have been on terms no less favorable to the Company than could have been obtained from unaffiliated third parties.

The Company engaged in various private equity financing transactions with Mr. Harris, Dr. Stote and other shareholders in 1992, 1993 and 1994. As a result of those transactions, Mr. Harris and Dr. Stote are among the parties to a registration rights agreement with the Company under which they have been provided certain rights to have their common shares registered under the Securities Act of 1933, as amended (the “Securities Act”). See “Certain Transactions.”

## **AUDIT COMMITTEE AND RELATED MATTERS**

### **Report of the Audit Committee**

The Audit Committee oversees the Company’s financial reporting process on behalf of the Board of Directors. The Audit Committee’s activities are governed by a written charter adopted by the Board of Directors.

Management has the primary responsibility for the Company’s financial statements and the reporting process, including the system of internal controls. The independent auditors audit the annual financial statements prepared by management and express an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States. The Audit Committee monitors these processes.

In this context, the Audit Committee met and held discussions with management and the independent auditors. Management represented to the Audit Committee that the Company’s financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee reviewed and discussed the audited financial statements with management and the independent auditors, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of specific judgments and the clarity of disclosures in the financial statements. The Audit Committee also discussed with the independent auditors such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards.

In addition, the independent auditors provided to the Audit Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (“Independence Discussions With Audit Committees”), related to the auditors’ independence. The Audit Committee discussed with the independent auditors the auditors’ independence from the Company and its management and considered the compatibility of non-audit services with the auditors’ independence.

The Audit Committee discussed with the Company’s financial management and independent auditors the overall scope and plans for the audit. The Audit Committee also met with the independent auditors, with and without management present, to discuss the results of the examinations, their evaluation of the Company’s internal controls and the overall quality of the Company’s financial reporting. In addition, the Audit Committee considered other areas of its oversight relating to the financial reporting process that it determined appropriate.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Commission.

**PROPOSAL TO APPROVE AN AMENDMENT TO INCREASE THE NUMBER OF COMMON SHARES AUTHORIZED FOR  
ISSUANCE UNDER THE COMPANY’S AMENDED AND RESTATED 1996 KEY EMPLOYEES AND CONSULTANTS  
STOCK OPTION PLAN**

Shareholders will be asked at the Annual Meeting to vote on a proposal to approve an amendment to increase the number of common shares authorized for issuance under the Company’s Amended and Restated 1996 Key Employees and Consultants Stock Option Plan (the “1996 Plan”) from 757,667 common shares to 1,057,667 common shares. The text of the amendment to the 1996 Plan is attached to this Proxy Statement as Appendix A.

The 1996 Plan was adopted by the Board of Directors on February 29, 1996 and approved by the Company’s shareholders on May 2, 1996. The 1996 Plan was subsequently amended on September 20, 1996 and June 1, 2000. As of April 19, 2002, there were only 14,861 common shares available for future grant under the 1996 Plan. The purpose of the 1996 Plan is to promote the Company’s success by aligning employee financial interests with long-term shareholder value. Currently, the Company operates a small, growth-oriented business. As such, stock option awards and stock-based compensation play an integral role in providing compensation to the Company’s current employees, attracting talented new employees and potential acquisition candidates. Therefore, the Compensation Committee and the Board of Directors approved the authorization of an amendment to increase the number of common shares available for issuance under the 1996 Plan to 1,057,667 common shares in order to continue to have access to a sufficient pool of common shares to be covered by stock options to provide incentives to key management and other employees of the Company.

**General Plan Information**

The effective date of the 1996 Plan was February 29, 1996. By its terms, the 1996 Plan will terminate on February 29, 2007. However, the expiration of the 1996 Plan will not affect any outstanding option. The 1996 Plan provides for the issuance of incentive stock options, within the meaning of Section 422 of the Internal Revenue Code, to key employees and non-qualified stock options to both key employees and consultants. The 1996 Plan also permits the granting of stock appreciation rights, which provide an optionee with the right to elect a payment equal to the appreciation of the value of the Company’s common shares. Payment of the stock appreciation rights may be made in cash, common shares or a combination thereof.

**Administration**

The 1996 Plan is administered by the Compensation Committee of the Board of Directors. Subject to the terms and conditions of the 1996 Plan, the Committee has full and final authority in its absolute discretion: (i) to select the key employees and consultants to whom options will be granted, (ii) to determine the number of common shares subject to any option, (iii) to determine the time when options will be granted, (iv) to determine the option price of common shares subject to an option, (v) to determine each option’s vesting schedule, (vi) to determine whether an option is to be an incentive stock option, (vii) to determine whether and according to what value stock appreciation rights shall be made a part of any option, (viii) to prescribe the form and set the provisions of any option agreements entered into under the 1996 Plan, (ix) to adopt, amend and rescind rules as may be advisable in the administration of the 1996 Plan, and (x) to construe and interpret the 1996 Plan and make all other determinations required for the administration of the 1996 Plan. Any decision made or action taken by the Committee in connection with such administration will be, to the extent permitted by law, conclusive and binding upon all optionees and any person claiming under or through any optionee.

Except as required to make the 1996 Plan and the option agreements consistent with changes in governing law, approval of the Company’s shareholders is required for any action of the Committee or the Board of Directors which results in: (i) amending, modifying or altering the eligibility requirements of the 1996 Plan, (ii) increasing or decreasing, except in certain circumstances as provided in the 1996 Plan, the maximum number of common shares for which options may be granted, (iii) decreasing the minimum option price per common share at which options may be granted under the 1996 Plan, (iv) extending either the maximum period during which an option is exercisable as provided in the 1996 Plan or the date on which the 1996 Plan terminates,

(v) changing the requirements relating to the Committee, or (vi) making any other change which would cause an incentive stock option granted under the 1996 Plan to no longer qualify as such under the Internal Revenue Code.

**Securities to be Offered**

Under the terms of the 1996 Plan, as amended, up to 1,057,667 common shares are available, at the discretion of the Committee, for grants of options. However, the 1996 Plan provides that the maximum amount of common shares subject to incentive stock options may not exceed \$100,000 in any calendar year in which any incentive stock options become exercisable. Either treasury shares, authorized and unissued shares or both may be issued, in such amounts, within the maximum limits of the 1996 Plan, as the Committee shall from time to time determine. All common shares which are the subject of any lapsed, expired, or terminated options may be made available for reoffering under the 1996 Plan to any key employee or consultant. In the event that, subsequent to the date of adoption of the 1996 Plan by the Board of Directors, the outstanding common shares of the Company should be increased or decreased or changed into or exchanged for a different number or kind of shares or other securities of the Company, as a result of a share split, share dividend, combination or exchange of shares, exchange for other securities, reclassification, reorganization, redesignation, merger, consolidation, recapitalization or other such change, then (i) there shall automatically be substituted for each common share subject to an unexercised option (in whole or in part) granted under the 1996 Plan and each common share available for additional grants of options under the 1996 Plan, the number and kind of shares or other securities into which each outstanding common share shall be changed or for which each such common share shall be exchanged, (ii) the option price per share or unit of securities shall be increased or decreased proportionately so that the aggregate purchase price for the securities subject to the option shall remain the same as immediately prior to such event and (iii) the Committee shall make such other adjustments as may be appropriate and equitable to prevent enlargement or dilution or option rights.

**PLAN BENEFITS**

**Amended and Restated 1996 Key Employees and Consultants Stock Option Plan**

Name and Position		Number of Common Shares	
Key employees and consultants		1,057,667	

**Employees and Consultants Eligible for Options**

Options may be granted from time to time in the discretion of the Committee to such key employees and consultants, as designated by the Committee, whose initiative and efforts contribute to the Company’s continued growth and future success. The Committee may grant more than one option, with or without stock appreciation rights, to the same key employee. However, the Committee may not grant incentive stock options to consultants.

**Option Provisions**

*Option Price.* The option price per share which is the subject of an incentive stock option under the 1996 Plan will be determined by the Committee at the time of grant but shall not be less than 100% of the fair market value of the Company’s common shares on the date such option is granted. The option price per share under each option granted pursuant to the 1996 Plan which is not an incentive stock option will be determined by the Committee at the time of grant.

*Period of Option.* The Committee determines when each option is to expire. However, no option may be exercisable for a period of more than ten years form the date upon which such option is granted.

*Limitations on Exercise and Transfer of Options.* Any option which is an incentive stock option shall not be transferable other than by will or the laws of descent and distribution, and the option may be exercised during the lifetime of the optionee only by the optionee. All or any portion of an option that is not an incentive stock option shall be transferable by the optionee, in whole at any time or in part from time to time, to (i) any member of the optionee’s immediate family, (ii) any trust whose beneficiaries consist solely of the optionee and/or members of

the optionee’s immediate family and (iii) any person or entity who is an “affiliate” of the optionee (as such term is defined in Rule 501 (b) of Regulation D promulgated under the Securities Act). Notwithstanding the foregoing, the Company shall be under no obligation to record any such transfer upon the books of the Company and may treat the optionee as the record and beneficial owner thereof for all purposes until such time as: (a) the transferor delivers to the Company a fully executed assignment of option, (b) the transferee delivers to the Company a fully executed joinder to the option agreement and (c) that the transferor and the transferee establish, to the reasonable satisfaction of the Company, that such a transfer is permitted under applicable provisions of the federal securities laws. No option may be pledged or hypothecated, nor may any option be subject to execution, attachment or similar process.

*Exercise of Option.* The Committee may, in its absolute discretion, require that prior to the exercise of all or any part of any option, the optionee must have been an employee or consultant for a specified period after the date such option was granted. Upon completion of the required period or periods, if any, the option or the appropriate portion thereof may be exercised in whole or in part from time to time during the option period. Options may be exercised (i) by the optionee giving written notice to the Company of his or her intention to exercise accompanied by full payment of the purchase price in cash or, with the consent of the Committee, in whole or in part in common shares having a fair market value on the date the option is exercised equal to that portion of the purchase price for which payment in cash is not made and (ii) by making appropriate arrangements for the satisfaction of tax withholding requirements.

The Committee may allow the optionee to satisfy his or her tax withholding obligations arising in connection with the exercise of an option in whole or in part by (i) the Company withholding from the common shares to be issued upon exercise of the option, the number of common shares to which the optionee and the Company have agreed, but only if the optionee has had on file with the Company for at least a six month period a standing election to have the Company withhold common shares to satisfy tax withholding obligations, which election form by its terms shall not be alterable or revocable for at least a six month period or (ii) the optionee’s delivery to the Company of common shares having a fair market value equal to the withholding obligation required of the optionee.

*Termination of Employment.* Generally, if the optionee ceases to be an employee or consultant of the Company or its subsidiaries, his or her options shall terminate on the date he or she ceases to be an employee or consultant, and neither such optionee or any other person will have any right after such date to exercise all or any part of such options. If the option is an incentive stock option, the option agreement may not permit an exercise of the option after more than three months if the optionee terminates employment for a reason other than death or disability or after more than one year if the optionee terminates employment for death or disability.

## **Stock Appreciation Rights**

The Committee may provide that an optionee may have the right with respect to all or a portion of the options granted to elect payment in lieu of exercising such options. Alternatively, the Committee may provide that an optionee will have the right with respect to all or a portion of the options granted to him or her to receive consideration upon exercising such options in addition to any common shares purchased upon exercise thereof. Stock appreciation rights shall be exercisable only at such times and by such persons as are specified in the option agreement governing the stock option with respect to which the stock appreciation rights were granted. The amount payable upon the exercise of a stock appreciation right shall be payable in one or more of the following manners, as shall be decided by the Committee: (i) cash, (ii) fully paid common shares having a fair market value equal to such amount or (iii) a combination of cash and common shares.

## **Income Tax Treatment**

*Incentive Stock Options.* With respect to an incentive stock option, the optionee will realize no income for federal income tax purposes upon the grant or exercise of the option, but the difference between the option price and the fair market value of the shares at the date of issuance of the common shares to the optionee (following exercise of the incentive stock option) will constitute an item of tax preference under the alternative minimum tax. The alternative minimum tax is paid only if it exceeds the regular tax.

If no disposition of common shares acquired through the exercise of an incentive stock option is made by the optionee within one year after the issuance of the common shares to him or her upon exercise, and within two years after the grant of the option, any amount realized by the optionee in the event of a sale of his or her common shares that is in excess of his or her cost will be taxed as a long-term capital gain.

*Non-Qualified Stock Options.* With respect to a non-qualified stock option, an optionee will not realize income upon the granting of such an option. However, in any year in which an optionee exercises a part or all of such option, the excess, if any, of the fair market value of the common shares at the date of exercise over the option price will be taxed as compensation at ordinary income tax rates, and the Company will be entitled to a tax deduction for a like amount in the same year.

*Stock Appreciation Rights.* The granting of stock appreciation rights will not produce taxable income to the optionee or a tax deduction to the Company. Upon exercise of such rights, the amount of any cash received and the fair market value on the transfer date of any common shares received will be taxable to the employee as compensation at ordinary income tax rates and deductible by the Company.

## **Recommendation and Required Vote**

**The Board of Directors unanimously recommends that the shareholders vote FOR the approval and adoption of the amendment to the 1996 Plan. The affirmative vote of the holders of a majority of the outstanding common shares entitled to vote and present at the Annual Meeting, in person or by proxy, is required to approve and adopt the amendment to the 1996 Plan.**

## **PROPOSAL TO APPROVE AN AMENDMENT TO INCREASE THE NUMBER OF COMMON SHARES AUTHORIZED FOR ISSUANCE UNDER THE COMPANY’S 1999 OUTSIDE DIRECTOR STOCK OPTION PLAN**

Shareholders will be asked at the Annual Meeting to vote on a proposal to approve an amendment to increase the number of common shares authorized for issuance under the Company’s 1999 Outside Director Stock Option Plan (the “1999 Plan”) from 250,000 common shares to 400,000 common shares. The text of the amendment to the 1999 Plan is attached to this Proxy Statement as Appendix B.

The 1999 Plan was adopted by the Board of Directors on September 22, 1999 and approved by the Company’s shareholders on June 1, 2000. As of April 19, 2002, there were only 27,500 common shares available for future grant under the 1999 Plan. The purpose of the 1999 Plan is to provide Directors of the Company who are not also employees of the Company or any of the Company’s subsidiaries or affiliates (the “Outside Directors”) with a greater incentive to serve and promote the Company’s success by encouraging them to acquire new or additional share ownership in the Company, thus increasing their proprietary interest in the Company’s business and providing them with an increased personal interest in the Company’s continued success and development. Currently, the Company operates a small, growth-oriented business. As such, stock option awards play an integral role in providing compensation to the Company’s current Outside Directors and in attracting future Outside Directors.

## **General Plan Information**

The effective date of the 1999 Plan is September 22, 1999. By its terms, the 1999 Plan will terminate on September 22, 2009. However, the 1999 Plan’s expiration will not affect any outstanding option. The Company believes that the 1999 Plan is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. The 1999 Plan is not qualified under Section 401 (a) of the Internal Revenue Code.

## **Benefits of the 1999 Plan**

Under the 1999 Plan, each Outside Director on September 22, 1999 received a non-qualified stock option to purchase 12,500 common shares at an exercise price of \$3.75 per share (the fair market value of a common share on September 22, 1999). In addition, the 1999 Plan provides for Outside Directors to receive non-qualified stock options to purchase 10,000 common shares upon their initial appointment or election as Outside Directors. The

1999 Plan also provides for the annual, automatic award to Outside Directors on the day of the annual meeting of the Company’s shareholders of non-qualified stock options to purchase 12,500 common shares.

Non-qualified stock options awarded under the 1999 Plan may not be awarded to persons other than Outside Directors. The dollar value of such non-qualified stock options is not determinable.

**PLAN BENEFITS**

**1999 Outside Director Stock Option Plan**

Name and Position	Number of Common Shares
Non-executive director group	400,000

**Administration**

The 1999 Plan does not provide the Board of Directors, any committee thereof, or any other person, with discretionary authority with respect to the 1999 Plan’s administration. Eligibility criteria for awards of options, as well as the timing, amount, price, vesting, term and other provisions of option awards, are set forth in the 1999 Plan itself.

**Securities to be Offered**

Under the 1999 Plan, as amended, up to an aggregate of 400,000 common shares will be available for awards of options to the Outside Directors. Either treasury or authorized and unissued common shares, in such amounts or amounts, within the maximum limits of the 1999 Plan, as the Board of Directors shall from time to time determine, may be so issued. If an option awarded under the 1999 Plan is exercised pursuant to the terms and conditions of the 1999 Plan, any common shares that are the subject thereof shall not thereafter be available for re-offering under the 1999 Plan.

In the event that, subsequent to September 22, 1999, the outstanding common shares should be increased or decreased or changed into or exchanged for a different number or kind of shares or other securities of the Company, as a result of a share split, share dividend, combination or exchange of shares, exchange for other securities, reclassification, reorganization, redesignation, merger, consolidation, recapitalization or other such change, then (1) there shall automatically be substituted for each common share subject to an unexercised option (in whole or in part) granted under the 1999 Plan, each common share available for additional grants of options under the 1999 Plan and each common share made available for grant to each Outside Director pursuant to Section 4 of the 1999 Plan, the number and kind of shares or other securities into which each outstanding Common Share shall be changed or for which each such common share shall be exchanged, (2) the option price per share or unit of securities shall be increased or decreased proportionately so that the aggregate purchase price for the securities subject to the option shall remain the same as immediately prior to such event and (3) the Board of Directors shall make such other adjustments as may be appropriate and equitable to prevent enlargement or dilution of any option rights. Any such adjustment may also provide for the elimination of fractional shares.

**Option Provisions**

*Automatic Awards.* The 1999 Plan provides that each Outside Director will be awarded non-qualified stock options to purchase such number of common shares as follows:

- (1) Each Outside Director as of September 22, 1999 received a non-qualified stock option to purchase 12,500 common shares at an exercise price equal to the fair market value of such common shares on September 22, 1999;
- (2) Each newly appointed or elected Outside Director after September 22, 1999 shall receive a non-qualified stock option to purchase 10,000 common shares at an exercise price equal to the fair market value of such common shares on the date of grant; and

- (3) Each Outside Director on the day of the Company's annual meeting of shareholders, commencing with the meeting held in the year 2000, received or shall receive a non-qualified stock option to purchase 12,500 common shares at an exercise price equal to the fair market value of such common shares on the date of grant.

The 1999 Plan provides that those grants shall occur automatically without any further action by the Board of Directors.

*Option Price.* The option price per common share under each option granted pursuant to the 1999 Plan shall be equal to the fair market value thereof, but in no event shall such price be less than the par value of the common shares.

*Period of Option.* Each option granted under the 1999 Plan shall expire and all rights to purchase common shares pursuant thereto shall cease on the tenth anniversary of the date of grant.

*Vesting of Options.* The 1999 Plan provides that each Outside Director shall be entitled to exercise options granted under the 1999 Plan as follows:

- (1) With respect to non-qualified stock options to purchase 12,500 common shares awarded on September 22, 1999, each such option became fully vested and exercisable as to all of the underlying common shares on the date of the first annual meeting of the Company's shareholders following the date of grant;
- (2) With respect to non-qualified stock options to purchase 12,500 common shares awarded annually on the day of the Company's annual meeting of shareholders, each such option will shall become fully vested and exercisable as to all of the underlying common shares on the date of the first annual meeting of the Company's shareholders following the date of grant; and
- (3) With respect to the non-qualified stock options to purchase 10,000 common shares upon an individual's initial appointment or election as an Outside Director, each such option shall become fully vested and exercisable as to all of the underlying common shares on the first anniversary of the date of grant.

*Limitations on Exercise and Transfer of Options.* All or any portion of an option shall be transferable by the optionee, in whole at any time or in part from time to time, to (1) any member of the optionee's immediate family, (2) any trust whose beneficiaries consist solely of the optionee and/or members of the optionee's immediate family and (3) any person or entity who is an "affiliate" of the optionee (as that term is defined in Rule 501(b) of Regulation D under the Securities Act). Notwithstanding the foregoing, the Company shall be under no obligation to record any such transfer upon the books of the Company and may treat the optionee as the record and beneficial owner thereof for all purposes until such time as: (a) the transferor delivers to the Company a fully executed assignment of option, (b) the transferee delivers to the Company a fully executed joinder to the option agreement and (c) the transferor and transferee establish, to the reasonable satisfaction of the Company, that such a transfer is permitted under the applicable provisions of the federal securities laws. No option may be pledged or hypothecated, nor may any option be subject to execution, attachment or similar process.

*Conditions Governing Exercise of Option.* Options are exercisable by the Outside Director by giving written notice to the Company of the Outside Director's intention to exercise the option and the number of common shares with respect to which the option is being exercised, accompanied by full payment of the purchase price either in cash or in whole or in part in common shares having a fair market value on the date the option is exercised equal to that portion of the purchase price for which payment in cash is not made.

*Termination of Directorship.* Subject to the following provisions, if the Outside Director ceases to be a Director of the Company, his or her option shall terminate three (3) months after the effective date of termination of his or her Directorship and neither that Outside Director nor any other person shall have any right after such date to exercise all or any part of such option. If the termination of the Directorship is due to death, then the option may be exercised within one year after the Outside Director's death by the Outside Director's estate or by the person designated in the Outside Director's last will and testament or to whom transferred by the applicable laws of descent and distribution. Notwithstanding the foregoing, in no event shall any option be exercisable after the expiration of the ten-year option period and no option shall be exercisable to any greater extent that the Outside Director would have been entitled to exercise the option at the time of termination or death.

## Income Tax Treatment

An Outside Director will not realize income upon the granting of a non-qualified stock option. However, in any year in which an Outside Director exercises a part or all of such option, the excess, if any, of the fair market value of the common shares at the date of exercise over the option price will be taxed as compensation at ordinary income tax rates, and the Company will be entitled to a tax deduction for a like amount in the same year. An Outside Director may elect, within 30 days after the issuance of common shares upon the exercise of an option (which the Internal Revenue Service may assert occurs on the date of exercise), to treat the excess, if any, of the fair market value of the common shares on the date of issuance over the option price as ordinary income at that time, and the Company will be entitled to a tax deduction for a like amount.

The Company has made provisions for all taxes required in connection with an option exercise to be withheld and/or paid. The Company has the discretion to allow the Outside Director to satisfy tax withholding requirements by (a) the Company withholding from issuance to the Outside Director the number of common shares agreed upon by the Company and the Outside Director, so long as the Outside Director has executed an effective standing election to satisfy such tax withholding requirements within at least six months prior to an option exercise or (b) withholding the number of common shares equal to that portion of the withholding obligation for which cash payment has not been made, provided that consent has been given by the Board of Directors.

Except for stock options granted under the 1999 Plan, the Company does not intend to compensate Directors for any meetings that they attend, but will reimburse them for reasonable expenses that are incurred in attending such meetings.

## Recommendation and Required Vote

**The Board of Directors unanimously recommends that the shareholders vote FOR the approval and adoption of the amendment to the 1999 Plan. The affirmative vote of the holders of a majority of the outstanding common shares entitled to vote and present at the Annual Meeting, in person or by proxy, is required to approve and adopt the amendment to the 1999 Plan.**

## APPROVAL OF THE PROPOSED AMENDMENT TO THE CODE

The Board of Directors is proposing to add a provision to the Code to place certain restrictions on the granting of stock options and to implement certain prohibitions against the use of certain financing mechanisms by the Company. This provision will be set forth as Article XIII of the Code, the proposed text of which is attached as Appendix C to this Proxy Statement.

In January 2002, the Company received approximately \$4.3 million in connection with the consummation of a private placement of 1,922,514 of the Company's common shares at a purchase price of \$2.25 per share. In the share purchase agreement relating to the January 2002 private placement, in addition to making a series of standard representations and warranties to the purchasers of the Company's common shares, the Company also agreed to amend its Code to prohibit (i) the granting of stock options by the Company at below-market exercise prices and (ii) the reduction of the exercise price of outstanding options by the Company. Furthermore, the Company agreed to amend its Code to prohibit the Company from entering into any arrangements concerning the sale of its common shares in a transaction in which the purchase price of its common shares is fixed after the date of the agreement relating to that transaction, commonly referred to as a "toxic" financing.

Accordingly, the Board of Directors is proposing an amendment to the Code. Since the Company does not grant stock options at below-market exercise prices, nor does it have any intention of entering into any arrangements concerning the sale of its common shares in a toxic financing or in any other transaction in which the purchase price of its common shares is fixed after the date of the agreement relating to that transaction, the Board of Directors believes that the proposed amendment to the Code formally sets forth the Company's approach to stock option grants and its intention with regard to future transactions involving the Company's common shares.

## No Appraisal Rights

Under Ohio law, shareholders are not entitled to appraisal rights with respect to this proposal.

## Recommendation and Required Vote

**The Board of Directors unanimously recommends a vote FOR the proposal.** The management and the Board of Directors will be voting FOR approval of the amendment to the Code. The affirmative vote of the shareholders having a majority of the voting power of all outstanding common shares is required to approve the proposed amendment to the Code. The persons named in the accompanying Proxy or their substitutes will vote such Proxy for this proposal unless it is marked otherwise. Abstentions and broker non-votes will have the same effect as a vote against the proposed amendment to the Code.

## CERTAIN TRANSACTIONS

In connection with various financing transactions, the Company entered into agreements with several of its Directors, executive officers and shareholders who beneficially own more than 5% of the common shares. Since these arrangements were the result of arm's length negotiation among the Company and these shareholders prior to their acquisition of an interest in the Company, the Company believes that the agreements are on terms no less favorable to it than could have been obtained from unaffiliated third parties. Relationships between the Company and those investors who are affiliated with members of the Compensation Committee of the Board of Directors are described under the caption "Compensation Committee Interlocks and Insider Participation."

As a result of various financing transactions, the Company is a party to a registration rights agreement with Brantley, Drs. Green and Stote and Mr. Harris, each of whom is either a Director, executive officer or beneficial owner of greater than 5% or more of the common shares. Under the terms of the registration rights agreement, the holders of an aggregate of 334,001 common shares (the "Registrable Shares") have the right to demand, no more than once every six months, registration under the Securities Act of common shares having a market value of at least \$5,000,000 (in the case of a registration on Form S-1) or \$1,000,000 (in the case of a registration on Form S-2 or S-3). Such demand right may be exercised by the holders of at least 40% of the Registrable Shares. The holders of Registrable Shares may exercise their right to demand registration of the Registrable Shares on Form S-1 up to two times at the Company's expense, and any demand registrations on Form S-2 or S-3 an unlimited number of times at the Company's expense. Although the holders of Registrable Shares have the right to demand additional registrations on Form S-1, they will be required to pay their share of the expenses associated with such registrations. The registration rights agreement also provides the holders of an aggregate of 240,198 common shares (the "Related Shares"), with the limited right to participate, at their own expense, in a registration statement demanded by the holders of Registrable Shares. In addition, under certain conditions, the holders of Registrable Shares and Related Shares have the limited right to include some or all of such shares in any registration statement filed by the Company with respect to the sale of its common shares.

## SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (the "Exchange Act") requires the Company's Directors and certain of its executive officers and persons who beneficially own more than 10% of the Company's common shares to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Commission and the Nasdaq Stock Market. Such persons are further required to furnish the Company with copies of all such forms filed by them. Based solely on the Company's review of the copies of such forms it has received, the Company believes that all of the Section 16(a) filing requirements were satisfied by the Company's Directors, executive officers and beneficial owners of more than 10% of our common shares, except for a report relating to Mr. Harris's purchase of an aggregate of 5,500 of the Company's common shares, which took place between August 28 and August 31, 2001.

## SHAREHOLDER PROPOSALS FOR 2003 ANNUAL MEETING

Any shareholder who meets the requirements of the proxy rules under the Exchange Act may submit proposals to the Board of Directors to be considered for submission to the annual meeting of shareholders to be held in 2003. Proposals should be submitted in writing by notice delivered or mailed by first-class United States mail, postage prepaid, to DATATRAK International, Inc., 6150 Parkland Boulevard, Suite 100, Mayfield Heights, Ohio 44124, Attention: Investor Relations, and must be received no later than January 7, 2003. Any notice shall include: (a) the name and address of the shareholder and the text of the proposal to be introduced, (b) the number of common shares held of record, owned beneficially and represented by proxy by the shareholder as of the date of the notice and (c) a representation that the shareholder intends to appear in person or by proxy at the meeting to introduce the proposal specified in the notice. The chairman of the annual meeting may refuse to acknowledge the introduction of any shareholder proposal not made in compliance with the foregoing procedures.

The Company may use its discretion in voting Proxies with respect to shareholder proposals not included in the Proxy Statement for the fiscal year ended December 31, 2002, unless the Company receives notice of those proposals prior to March 22, 2003.

## OTHER MATTERS

The Board of Directors is not aware of any matter to come before the Annual Meeting other than those mentioned in the accompanying Notice. However, if other matters shall properly come before the Annual Meeting, it is the intention of the persons named in the accompanying Proxy to vote in accordance with their best judgment on those matters.

*A copy of the Company's Annual Report has been provided to shareholders with this Proxy Statement. If a shareholder entitled to vote at the Annual Meeting did not receive a copy of the Annual Report with this Proxy Statement, that shareholder may request a copy of the Annual Report from the Company. Upon the receipt of a written request from any shareholder entitled to vote at the Annual Meeting, the Company will mail, at no charge to the shareholder, a copy of the Company's Annual Report, including the financial statements and schedules required to be filed with the Commission pursuant to Rule 13a-1 under the Exchange Act, for the Company's most recent fiscal year. Requests from beneficial owners of common shares must include a good-faith representation that, as of the record date of the Annual Meeting, the person making the request was the beneficial owner of securities entitled to vote at the Annual Meeting. Written requests for the Annual Report should be directed to: Investor Relations, DATATRAK International, Inc., 20600 Chagrin Boulevard, Suite 1050, Cleveland, Ohio 44122.*

You are urged to sign and return your Proxy promptly in order to make certain your shares will be voted at the Annual Meeting. For your convenience, a return envelope is enclosed requiring no additional postage if mailed in the United States.

Thomas F. McKee

The Company's Third Amended and Restated Code of Regulations shall be amended to add the following provision:

#### **"ARTICLE XIII**

Unless approved by the holders of a majority of the shares present and entitled to vote at a duly convened meeting of shareholders, the Corporation shall not:

(i) grant any stock option, including stock appreciation right, with an exercise price that is less than 100% of the fair market value of the underlying stock on the date of grant;

(ii) reduce the exercise price of any stock option, including stock appreciation right, outstanding or to be granted in the future; cancel and re-grant options at a lower exercise price (including entering into any "6 month and 1 day" cancellation and re-grant program), whether or not the canceled options are put back into the available pool for grant; replace out-of-the-money options with restricted stock in an exchange, buy-back or other program; or replace any options with new options having a lower exercise price or accelerated vesting schedule in an exchange, buy-back or other program;

Notwithstanding the foregoing, however, a price protection clause shall be permitted in an agreement for sale of common shares or Common Share Equivalent, if such clause provides for an adjustment to the price per share or, with respect to a Common Share Equivalent, to the Equivalent Price (provided that such price or Equivalent Price is fixed on or before the execution date of the agreement) (the "Fixed Price") in the event that the Corporation, during the period beginning on the date of the agreement and ending no later than 90 days after the closing date of the transaction, sells common shares or Common Share Equivalent to another investor at a price or Equivalent Price, as the case may be, below the Fixed Price."
